

WARNING

Causes Skin Irritation. • May cause eye burns. Harmful if inhaled or absorbed through skin.

ACUTE EFFECTS OF OVEREXPOSURE: No product should be internally ingested. Ingestion of an excessive amount of this product may cause complications. Product in concentrated form is an eye irritant. Overexposure by inhalation may cause respiratory irritation. Existing eye or respiratory disorders may be aggravated by exposure. Contains sodium hydroxide. Corrosive. Causes severe burns. Avoid contact with skin, eyes and mucous membranes.

If skin contact occurs: Remove contaminated clothing. Wash off and rinse thoroughly with clear water.

Avoid contamination of feed and foodstuffs.

Apply this product only as specified on this label.

K-Chem, Inc. advocates limiting exposure to all chemical products. Wearing neoprene or nitrile gloves is recommended when prolonged excessive contact occurs (e.g. immersing hands). Wear tight-fitting splash-proof safety glasses especially if contact lenses are worn. Open windows/doors and use exhaust fans in enclosed areas.

FIRST AID:

Eyes: Immediately flush eyes with plenty of water for at least 15 minutes, occasionally lifting upper and lower lids. Get medical attention at once.

Skin: Flush contaminated skin with plenty of water. Consult a physician if irritation develops.

Inhalation: Move exposed person to fresh air. If irritation persists, get medical attention promptly.

Ingestion: If this product is swallowed, do not induce vomiting. Drink large volume of water. Get medical attention at once.

In case of a large spill: Absorb spill on an inert absorbent material (e.g. Desert Dry). Pick up and place in a clean D.O.T. specification container for disposal. Wash area thoroughly with a detergent solution and then rinse well with water.

Store: In tightly closed container in a dry area at temperatures between 40 and 120 degrees F. Keep product out of eyes. Do not breathe spray mist or vapors. Clothing or shoes which become contaminated with substance should be removed promptly and not re-worn until thoroughly cleaned.

K-Chem EXCEL

DISSOLVES: WAX, INKS, OILS, DYES, DIRT, GREASE, CARBON

CLEAN CONCRETE FLOORS, UNPAINTED METAL SURFACES, ENGINES, MACHINERY, BEARINGS, CYLINDERS, ELECTRICAL MOTORS, COILS, HIGH-POWERED VACUUMS, PARTS CLEANING

DIRECTIONS

FOR INDUSTRIAL:

For Use In Steam Cleaning Machines And Hot Or Cold Pressure Washers: Dilute 1 part K-Chem EXCEL with 20 to 40 parts water, depending upon degree of soil.

For Cleaning Unpainted Machinery And Equipment: Motors, machines and platforms, bearings, cylinders, electrical motors, coils, stainless steel welding chambers, engines, transmissions, trailers, food processing equipment, and the like. Dilute 1 part K-Chem EXCEL with 5 to 20 parts water, depending upon degree of soil. Allow solution to soak on machinery for two or three minutes and rinse with water.

For Cleaning High-Powered Vacuums: To remove heavy soils, industrial waste and debris from equipment and sewers and drains. Dilute 1 part K-Chem EXCEL with 5 to 10 parts water, depending upon degree of soil. Allow solution to soak on machinery for two or three minutes and rinse with water.

For Soak Vats and Parts Washers: Dilute 1 part K-Chem EXCEL with 5 to 15 parts water, depending upon degree of soil.

For Scrubbing Machines: To remove grease, fat, dirt, tire marks, blood, excrement and other difficult soils from concrete floors, rubber

matting. Dilute 1 part K-Chem EXCEL with 15 to 25 parts water, depending upon degree of soil.

NOTE: High concentrates of K-Chem EXCEL can attack porous surfaces and etch aluminum. Test on an inconspicuous area before using, or use weaker dilution ratios. **ALWAYS RINSE AFTER USE.** DO NOT allow overspray to dry on glass surfaces. Immediately rinse to remove any stubborn residue.

Biodegradable: All detergents and wetting agents are completely biodegradable.
